

AIMEX

ASIA-PACIFIC'S INTERNATIONAL
MINING EXHIBITION

5-7 SEPTEMBER 2023
SYDNEY SHOWGROUND

AIMEX is the destination for the mining sector to collaborate and hear from industry thought leaders. AIMEX provides an unmatched opportunity to connect and do business with some of the best mining suppliers from around the world, while sourcing solutions to boost productivity and meet sustainability goals. New at AIMEX this year are the Transformative Technology Pavilion and the Decarbonisation Zone.

WHAT'S ON

250+ local and international suppliers

AIMEX gives you direct access to domestic and global suppliers. New features this year are the Transformative Technology Pavilion, showcasing exponential technologies, such as AR, VR and robotics, and the Decarbonisation Zone, featuring smart and sustainable solutions that meet the sector's ESG obligations.

Key themes at our free-to-attend conference

Hear from industry experts presenting on a range of topics tailored for all areas of the industry. Find out the best strategies to refine your processes.

Decarbonisation in Mining

Technical Innovation

Environment, Social, and Governance

Other event features

TUNRA Bulk Solids Workshop
TUNRA Bulk Solids are hosting a workshop that will explore the crucial role of bulk material characterization and conveyor belt component testing in the design and optimization of conveying systems. Join this workshop on Wednesday, 6 September at 11:00am.

AIMEX Networking Event
End the second day of AIMEX at the AIMEX Networking Function. Enjoy refreshments while catching up with colleagues past and present. This networking event, held in conjunction with NSW Mining, is free for AIMEX visitors, speakers and exhibitors.

AUSTMINE Networking Event
Austmine is delighted to welcome members to their networking event at AIMEX providing an exceptional opportunity to network with industry peers over drinks and canapes. Held at the conclusion of day one, this event is for Austmine members only.
